

## **Final prize-giving at Maggiore: The Smart Car won at Bareggio.**

*Rome, 9 November, 2012* – "When my wife invited me to participate in the competition on Facebook, I would never have believed I could win," confessed **Francesco Piromalli** during the official prize-giving ceremony of Maggiore's "Navigate and win a City Car" competition. But lady luck decided that he was the one, when he received the top prize, still tied up with ribbons, at the Maggiore Group headquarters, after a festive toast in the presence of General Manager, **Stefano Gargiulo**, a small company delegation and his beautiful wife, Silvia. Our romantic and lucky winning couple will return to Bareggio (MI) on board a brand new **Smart Fortwo Coupe**.
