Maggiore for Gay Village.

Rome 28th June 2011 – Gay Village 2011, one of the most eventful shows of the Roman Summer, has just begun. Now in its tenth edition, it is celebrating this important birthday at its usual site in Parco Del Ninfeo in the district of EUR with an intense calendar of dates: a season of theatre and cinema, musical events, debates and much more. A wide scenario of ideas and artistic proposals offered thanks to the support of the Department for Cultural Policies and Historic Centre of Roma Capitale, of the Region of Lazio and the Province.

The Maggiore Group could not miss out on supporting such an important event, so we wanted once again to confirm our commitment to art and culture. We intend to closely follow our natural inclination towards an Italian Style approach and support particularly distinctive events that will bring people together.

If you want to hire a car, just show your Gay Village entry ticket or card to get our special promotions.
